SUMMARY

Computer Science student at Al Hussein Technical University (expected 2027) with hands-on experience in full-stack web development across frontend, backend, and database layers. Proficient in React, Node.js, Express, PostgreSQL, and RESTful APIs, with additional experience in backend-intensive systems and academic research. Grounded in clean code, design patterns, and practical problem-solving.

PROJECTS

Vehicle Management System (VMS) – King Hussein Business Park *C · HTML · CSS · JavaScript*

Built a gate access control system in C with a custom in-memory database using hash tables and doubly linked lists for 9 entity types. Implemented full CRUD, CSV persistence, audit logging, and concurrency simulation with shared/exclusive locking, paired with a browser-based management portal.

BMW Rental Management Web Application *React · Node.js · Express · PostgreSQL*

Car rental platform with vehicle browsing, reservation management, and admin approval workflows, featuring secure authentication and REST API integration.

Phishing Website Detection Using Machine Learning *Python · ML · Research*

Research paper on phishing URL detection; trained and compared multiple ML classifiers and ensemble models, supplemented by a user-awareness survey.

Vehicle Access Management System *Java · JUnit*

Backend access control system applying Factory, Facade, and Strategy design patterns with validation logic and JUnit tests, demonstrating strong OOP and SOLID principles.

Web Appointment Management System *PHP · MySQL · HTML · CSS*

Appointment booking system with user registration, login, scheduling, and full CRUD functionality.

EDUCATION

Al Hussein Technical University (HTU), Amman, Jordan *Expected 2027*

B.Sc. in Computer Science — GPA: 3.59 / 4.00

Firas Al-Ajlouni Secondary School, Jordan

Tawjihi Certificate (Scientific Stream) — 90%

TECHNICAL SKILLS

- Programming Languages: JavaScript, Java, Python, C, PHP, C#
- Web Development: React, Node.js, Express, REST APIs
- Databases: PostgreSQL, MySQL
- Data & Analytics: Power BI
- Tools & Platforms: Git, GitHub, Railway

SOFT SKILLS

Problem Solving • Teamwork • Communication • Adaptability • Time Management

CERTIFICATIONS

- Pearson Edexcel International Advanced Level Certificate

LANGUAGES

- Arabic — Native
- English — Excellent

LEADERSHIP & ACTIVITIES

- STEM Robotics Expo — Presented technical concepts and engaged with visitors at a STEM-focused robotics exhibition.
